Dear Bro. Phelps,

78

I am preparing a "Chart of Denominations" & find no satisfactory materials for statistics of the English Independents, or <sup>Congregationalists</sup> ~~Presbyterians~~ or the American New School Presbyterians. It has been suggested to me that you could aid me. If you can give me their number of members

" " Ministers

" " Churches

" " Associations or Presbyteries

" " Colleges Theological Institutions &c.

Members, Converts & expenditures

you will please me under their religious obligations  
On the last point I want information only relative to the English Independents, as I suppose the New School Presbyterians ~~figures~~ <sup>figures</sup> approximate with Congregationalists in Missions, Education &c. If no later information can be had of the Presbyterians than the last report near three years ago I should be glad of that, or the above named items from it. I could not find it when I was in N.Y. last. If you can ~~add~~ render me any assistance you will very much oblige me. I wish if possible to finish my work <sup>early</sup> of this week or fore part of next.

If you have or have any thing of the Protestants in ~~the~~ France I should be glad to have it.

Most truly yours

Rev. A. A. Phelps
